Area PTA Art Scholarship To Nancy Williams

Miss Nancy Sue Williams, a senior student at Granite City high school, will receive a scholarship from the Granite City Area PTA Council during its meeting May 23 at Logan school. It was announced today by Mrs. Raymond Tadlock, president, and Eugene Alassi, school art director.

The daughter of Mr. and Mrs. James I. Williams Jr., 129 Riviera drive, she plans to major in art at Eastern Illinois University, Charleston. She hopes to become an art teacher. The partial scholarship for 1968-69, first of its type presented by the Area Council, recognizes quality of work in high school art classes and general scholastic standing at Granite City.

Steele, Muelder Cited In Law Day Ceremonies

Joseph C. Steele of Granite City and George H. Muelder of Worden, formerly of Granite City, were among veteran members of the bar to be recognized at Law Day ceremonies Wednesday morning at the Madison county circuit court in Edwardsville.

Guest speaker was Albert J. Harlan, administrator of the Illinois Supreme Court and dean emeritus of the University of Illinois college of law. His topic was "Forces that Regulate Human Conduct." He was introduced by Dick H. Mudge, state attorney and president of the Madison County Bar.

A coffee hour and tours of the courthouse followed the ceremonies. Speaker at a luncheon was Irving Dillard, Collinsville journalist and lecturer. County officials who participated in the program included Austin F. Lewis of Madison, probate judge; Fred P. Schuman, judge of the city court of Granite City; Willard Portell of Granite City, circuit clerk; Dale Hilt of Madison, probate clerk; John Kraynak of Granite City, auditor; and Barney Prandford of Madison, sheriff. William Scholger, Granite City attorney, served on the Law Day committee.

Moore Named To County Liquor License Group

Arthur "Cooper" Moore, Venice township supervisor, has been appointed to the liquor license committee of the Madison county board of supervisors by Harold Landolt, new board chairman.

He replaces John Graham, Granite City assistant supervisor who has retired from the board. Landolt reappointed Earl Herria, Edwardsville township supervisor, as chairman, and R. J. Edmiston, Olive township supervisor, as a member. The committee meets today to consider at least two license requests.

It is the first committee to be appointed by Landolt under the new reorganization of the board. It was noted that the county board of review now contains two Republicans and one Democrat as a result of Landolt's election as board chairman. He is a Republican, and as chairman he automatically becomes head of the review board.

Charles A. Rook of Alton, a member of the review board, also is a Republican. Arthur "Fete" Fields of Venice, the other member, is the Democrat.

Bruchs, who lives at 2226 Cleveland Blvd., had been with the firm 25 years, starting Aug. 25, 1937. He started as a bookkeeper.

He is the son of the vice-president, Anthony Vesci.

Bruchs told the Press-Record he plans to pursue his favorite hobby, fishing, during his retirement. His wife, Mazie, is a nurse.

Bruchs was honored at a dinner party Tuesday evening in the firm's sales office, 2165 Amos avenue, attended by 25 employees and guests.

He was given a watch by the firm and was presented with fishing equipment by fellow employees.

Maremont Out As IPAC Chief; Seek Successor

The Illinois Senate fired Arnold Maremont, Chicago industrialist, as chairman of the Illinois Public Aid Commission Tuesday when it withdrew its confirmation of the appointment made by Gov. Otto Kerner. Other candidates for the post are being considered.

The vote was 24 to 0 as all of the 34 Republican senators at the session protested the appointment. Twenty-five Democrats present abstained from voting.

The appointment previously was named to R. E. Kerner, Republican, who had been charged with the controversial policy to provide birth control information and supplies to ADC mothers not living with their husbands.

Possible Successors

Named as possible successors to Maremont were Daniel Walker, Chicago attorney and IPAC secretary; James J. Roman of Chicago, director of the State

Social Planning Council Again Elects Roseman

Chairman Arthur D. Roseman and Vice-Chairman William Coyle were re-elected for the 1963 year during a meeting of the United Fund Social Planning Council yesterday afternoon at the YMCA.

It was decided to discontinue the office of secretary, and the duties were assigned to UP Executive Director John D. Solenberg. Mrs. Ruby Overbeck is the retiring secretary.

Nominations were presented by Edward Hagmann, chairman, and Rev. George Sagen and Mrs. Ruth Mitchell.

Of five new requests for financial assistance, the council approved three and tabled two.

A Jan. 1 - April 30 report showed \$742 spent from the UP Health Services Fund 1963 allocation of \$8000. A breakdown showed \$1067 has been used to aid cancer patients; \$628, arthritis and rheumatism; \$301 heart patients; \$100, diabetes; \$100, hospital diagnosis; \$159, mental illness; and \$20, general medical costs.

10-Day County Jail Term On Assault Charge

Harry Thornton, 34, of 2423 Namooki road, was sentenced to 10 days in the county jail upon pleading guilty yesterday to a charge of aggravated assault.

A one-year suspended sentence was handed down by Police Magistrate Gasparovic for the unlawful use of a weapon - a gun.

The charges were filed by Gladys Jacob, 2814 East 24th street, to whose home police were called about 11:20 p.m. Tuesday. The officers charged him with drunkenness and creating a disturbance, and Thornton was fined \$10 and costs on each of those charges.

The officers said Thornton had a .38 caliber revolver which was loaded and ready to fire. The assault charge resulted from an allegedly flourishing the weapon.

HOW TO DEFEND

Paul Simon (D-Troy) was the only state senator to speak in Maremont's behalf. He charged the Republicans were "condemning a man for one rash, impetuous remark."

"He apparently felt a responsibility for the 440,000 Illinois citizens on public aid. I should hope to hope that it was a statement of compassion, not of hate."

In a statement issued to the Senate and the press urging the appointment of Maremont, Kerner said "I personally regret the statements that he made."

Kerner issued a statement to the Senate and to the press urging the appointment of Maremont, but he added:

"Nevertheless, I personally regret the statements that he made, and because of his actions the Senate and to the public aid commission has been impaired."

Marine Sgt. Re-Enlists

The Third Division is the "Amphibious Force in Readiness" ground element of the Seventh Fleet in the Far East. Douglas entered the service in July 1955.

Flyers End GC's Title Hopes, 5-2

Collinsville Moves
Into First With
3-0 Win Over EHS

East St. Louis' Flyers threw the final buck of water on Granite City's high school football title hopes with a 5-2 Southwest Conference baseball title here yesterday, beating the Warriors 3-0.

The Warriors were beaten for the second time this year by Earl Parmelee, a crack-arm right-hander who allowed eight hits but relied on a good curve ball when GC's threatened and received some excellent fielding support.

Granite City starter and loser Perry Taylor learned the hard way the importance of making opposing batters hit their way on. He allowed one less hit than did Parmelee, but each of the four walks he issued came back in the form of East St. Louis runs.

The loss left Granite City with a 5-4 record and three SWC games remaining, but failed to detract from one of the most hotly contested league baseball races in years.

Shelton Blank's Tigers. The Flyers solidified their third-place standing yesterday and now stand 7-5. But at Edwardsville yesterday, Chuck Shelton of Collinsville threw the first of five of the Tigers as the Shels moved past Edwardsville into first place with a 3-0 victory.

Collinsville is 7-1, Edwardsville 7-2, and the Warriors could take some consolation from the fact that they may decide the final standing of these two clubs.

Granite City today is in Collinsville, where left-hander Terry Kofahl probably will face the Cahokians' Harry Parker at 4 p.m. The late week SWC activity also includes an Edwardsville-Wood River game under the lights tonight in Edwardsville, plus two games Saturday involving East St. Louis and the other top contenders.

The Flyers have scheduled Collinsville in a morning game and Edwardsville in the afternoon, so Pick Deibel's club may have even more to say than Granite City as to just who will win the baseball playoffs this spring.

Coach Joe Fedora's Warriors have a weekend to make in the field Griffin Saturday (two games). They will meet SWC foe Alton here Wednesday in a replay of a 7-7 tie back on April 4, and also will reschedule a rain-outed date with Edwardsville.

At Wilson Park yesterday, Taylor gave up a single and walk in the first inning, followed up by an attempted sacrifice bunt which rolled into short right field for a scratch hit and a Flyer run. Randy Eisenhower followed with an account which plated two more and gave East St. Louis a 3-0 lead.

The Flyers committed their only error of the game in the first, and Terry French drove in the Warriors' first run with a single, the first of three by the GC outfielder.

Taylor walked the Flyer lead-off hitter in the second and Greg Gregory's double put runners at second and third to set up Al Beecher's run-scoring single.

The visitors made it 5-1 in the fourth on two walks and a single by Jim Zancor. The Warriors matched that run in the fifth on Rich Lee's single, a pop fly base hit on the infield by Glen Hoffman and French's third base hit of the afternoon.

Charlie Papp relieved Taylor in the sixth and struck out the side. He held the Flyers hitless in the seventh, too, but Parmelee, although he gave up singles in the sixth and seventh, got some sparkling plays from the Flyer defense as he went the distance.

Madison Cuts Down Cahokia 11-3, Remains in Thick Of Midwest Baseball Fight

Cahokia's hoped-for sweep of its Midwest Conference football, basketball and baseball schedules was canceled abruptly in Madison yesterday afternoon, when Earl McClanahan's Trojans cut the Comanches' unbeaten diamond skin in convincing 11-3 fashion.

The CHS loss, first to a conference fellow member in any sport during the current school year, left the MWC baseball title hanging in the balance.

Cahokia, with a 7-1 record, will play Bethalto Monday while the Trojans are at home to Highland the same afternoon. A Madison loss would hand the title to the Trojans.

Madison has a chance to tie for the title if Cahokia wins Monday and an opportunity to win it outright should be available for five of the Trojans' six games.

Mike Dillon, who has accounted for five of the Trojans' six conference victories this spring, pitched a seven-hitter yesterday and played the unusual role of leadoff batter perfectly as Madison came up with nine hits off of Comanche hurler.

Dillon walked twice and had two singles, getting on base every time he walked up to the plate. Nick Fodoba with two hits and Ted Fisk with two also played major parts in the production.

Five-Run Fifth. The Trojans broke the game open with a five-run fifth inning off relief pitcher Don Williams, although all the runs were unearned. A walk, sacrifice and CHS error got one run home.

Dillon followed with a looping single and Fisk then unloaded a two-run triple and scored himself when the relay throw got away.

Pogoda singled, took second on a fielder's choice and scored the fifth run on a shortstop error.

All Runs Unearned. Dillon should have escaped with a shutout. A second-inning error by Cahokia, the result of an MHS error, and Bob Geppert's two-run double in the fifth kept the Trojans' lead at three runs.

Madison has a chance to tie for the title if Cahokia wins Monday and an opportunity to win it outright should be available for five of the Trojans' six games.

GC Sophomores Top E. St. Louis, 4-1

Granite City high school's softball team pushed its record to 7-3 here yesterday with a 4-1 win over East St. Louis behind the two-hit pitching of Doug Winfield. The Warriors sophomores led eight hits.

Coach Don "Duke" Brumley's club will play four games in the next three days, beginning at Collinsville this afternoon. The Trojans have a 7-2 record.

Roxana and Cahokia, the top entry in the broad jump, having bettered the conference record several times already this spring.

The meet records: 120 HJ—Thompson (Roxana, 1961), 15.4; Brown (Cahokia, 1961), 15.4; Brown (Cahokia, 1961), 15.4; Brown (Cahokia, 1961), 15.4.

The host Shells have good strength in the dashes and relay events and should pick up enough points to be contested at the win the team title.

Cahokia is strong in the dashes and hurdles, but in the latter category the athlete to watch will be Highland's Ray Ramach.

Leary Lantz and Burton Bruce give the Comanches a 1-2 punch in the dashes. Randy Robinson and Reggie Sparks should score heavily for Roxana in the sprints.

Mike Christopher of Madison should also be among the top finishers.

Warriors Are Fourth

Alton athletes set three new records Tuesday evening as the Redbirds easily defended their Alton county track meet title at West junior high school in Alton.

Despite unseasonably chilly weather, the winners got record-breaking efforts from halfmiler George Hunt, weight performer Paul Economides and high jumper Richard Swift as they piled up 109 points.

Edwardsville was a distant second with 43½, Roxana third with 29, Granite City fourth with 25, Collinsville fifth with 23, Highland sixth with 12, Western Military seventh with nine, Wood River eighth with seven, Madison and Bethalto tied for ninth with three each, Triad 11th with ½ point and Livingston, which failed to score, 12th.

Hunt broke his own record, set just last year, when he ran the 800 in 1:56.9 to chop more than a second off the meet standard. Swift erased the high jump mark established in 1962 by Edwardsville's Tony Penetion, clearing

Alton Sets Three Records, Easily Defends Madison Co. Track Title

The bar at 6-2½ to add exactly an inch to the county record. Economides adds 3 feet. And Economides got off a tremendous 58-3 heave in the shot put to add almost three feet to the meet record set by Alton's Richardson in 1958.

Hoskins of Edwardsville in his spring, was fourth in the shot put, while teammate Ron Selph finished fifth in the discus.

The Warrior mile relay team finished second behind Alton, which won eight of the 14 events. Granite City runners continued to make strong showings in the middle distance events.

Mike Mounce and Eric Robertson were 3-4 finishers in the 440, while Ken Ferro ran third in the record-setting 880.

Trojans Shut Out Bethalto Netmen, 5-0

Madison high school's tennis team evened out its season's record at 3-3 in Madison yesterday by blanking Bethalto 5-0.

Coach Bob Barnhart continued to switch his players about in doubles and singles as the Trojans came up with their second win over the Eagles this spring and their first shutout of the season.

Madison will enter the district tournament at Roxana tomorrow and Saturday, and concludes its regular season with three post-tourney dates, all away from home. Yesterday's match results:

Madison Cuts Down Cahokia 11-3, Remains in Thick Of Midwest Baseball Fight

Cahokia's hoped-for sweep of its Midwest Conference football, basketball and baseball schedules was canceled abruptly in Madison yesterday afternoon, when Earl McClanahan's Trojans cut the Comanches' unbeaten diamond skin in convincing 11-3 fashion.

The CHS loss, first to a conference fellow member in any sport during the current school year, left the MWC baseball title hanging in the balance.

Cahokia, with a 7-1 record, will play Bethalto Monday while the Trojans are at home to Highland the same afternoon. A Madison loss would hand the title to the Trojans.

Madison has a chance to tie for the title if Cahokia wins Monday and an opportunity to win it outright should be available for five of the Trojans' six games.

Mike Dillon, who has accounted for five of the Trojans' six conference victories this spring, pitched a seven-hitter yesterday and played the unusual role of leadoff batter perfectly as Madison came up with nine hits off of Comanche hurler.

Dillon walked twice and had two singles, getting on base every time he walked up to the plate. Nick Fodoba with two hits and Ted Fisk with two also played major parts in the production.

Five-Run Fifth. The Trojans broke the game open with a five-run fifth inning off relief pitcher Don Williams, although all the runs were unearned. A walk, sacrifice and CHS error got one run home.

Dillon followed with a looping single and Fisk then unloaded a two-run triple and scored himself when the relay throw got away.

Pogoda singled, took second on a fielder's choice and scored the fifth run on a shortstop error.

All Runs Unearned. Dillon should have escaped with a shutout. A second-inning error by Cahokia, the result of an MHS error, and Bob Geppert's two-run double in the fifth kept the Trojans' lead at three runs.

Water District Seeks Injunction Order

A trial date is to be set in the circuit court on an injunction petition filed by the Pontoon Beach Public Water District to stop the East St. Louis & Interurban Water Co. from selling water to the new Pontoon Beach subdivision along Pontoon road.

A temporary injunction was denied Monday afternoon by Circuit Judge James O. Monroe at Edwardsville.

The subdivision with an apartment building and several duplex structures is in the Pontoon Beach water district, but it also has been annexed to the city of Granite City, which is serviced by the water company. The water company installed water lines in the subdivision, according to the court records.

Over 3000 At Art Showing, \$130 Raised For Scholarship

A crowd estimated at 3000 to 4000 jammed the Granite City high school gymnasium Monday evening for the first district-wide display of art objects created by pupils of all ages in the Granite City school system.

Adults and children began arriving at 6 p.m., an hour earlier than scheduled, and filled the building for several hours as they inspected the varied exhibits. Rain earlier in the evening failed to dampen the interest of those who had planned to attend.

Proceeds from sale of high school students' artworks, together with donations, are expected to net more than \$130 for the Granite City Area Council of Parent-Teacher Associations, which will use the fund as a scholarship grant for an art student graduating from GCHS and wishing to attend college.

Recipient of the scholarship will be designated by the PTA Council after consultation with school officials, including Eugene Alassi, art director, who worked closely with the council in presenting Monday's display.

Scale-model homes built by art and decorating students and shown at the exhibit are being placed on display for a week at the Madison County Federal Savings and Loan Association.

A week-long display at the Trust and Savings Bank includes oil paintings, other graphic arts and craft work.

Wise Decision To Confer

With Citizen Drainage Group

The new city Pollution Study committee's decision to confer with the 25-member Citizens' Drainage and Pollution committee is wise.

Studying the topic for several years at the request of the city council, the citizens have thorough understanding of the city's drainage problems. It is unfortunate that their services were discarded last fall by the old council pollution committee, which immediately got into a quarrel and ended up merely delaying progress on a program already delayed too long.

The combined experience of the new committee—composed of Charles W. Moellert, chairman, and William McGee and Ford Johnson—and the citizens group should bring sound recommendations and a real chance for Granite City to solve all or most of their drainage-pollution deficiencies.

Judging past events, there is no question but that an improving situation lies ahead. The only place left to go is "up."

Start Of Construction Heralds Success

Of Long Effort To Establish University

The prompt start of construction work on initial classroom facilities at the Southwestern Illinois University campus is heartening news for those who have recognized this area's acute and long-standing need for a university.

The question of why such facilities are non-existent need no longer be asked. It always has seemed hard to believe that higher learning, but the only answer was that a start had never been made. Now, the campus is a fact and each brick that is put into place will bring nearer the day when the first students begin report.

Rapid use of the funds that have been allocated is justified not only by the known enrollment potential but also by the fact that still further development will be required almost immediately. The sooner the first phase has been completed, the quicker the second can begin.

Progress will come to an end when children agree with all the views of their parents.

Travelers Deserve

Aid, Not A Deaf Ear

The auto fire to which a fire department failed to respond raises the question of this community's regard for the motorists passing through it. Is the milk of human kindness so lacking that an individual or family can encounter an unexpected disaster and yet find only deaf ears turned to its pleas for aid?

Without getting into the jurisdictional and financial questions that plague many fire departments, it would seem that even routine calls for aid should result in help being given to non-residents driving through here. In addition to the destruction of the auto, such an incident can badly damage an area's reputation for friendliness and good will.

High Honor Accorded

Local Judo Enthusiasts

A rare honor has been accorded Granite City in designating it as the yudansha—judo headquarters for the entire state area of the Midwest. Competitors coming here for tests to advance in rank will include residents of Illinois, Missouri, Tennessee, Kentucky and Arkansas.

The decision by judo officials in Chicago to recognize the high level of skill attained within a relatively short time by local enthusiasts of the self-defense sport.

The development speaks well for Quad-City's interest in new activities, and underscores this community's growing role as a regional center for meetings and athletic events. It also calls attention to the diversity of the local YMCA program, which offers a wide variety of leisure pursuits for all age groups.

Granite City PRESS-RECORD

Page 26 Thurs., May 2, 1963

I feel it is a great pleasure to the health of the community. I remember some years ago, standing beside a very prominent scay doctor while he grazed at the chest picture of a coal miner. Turning to me, he said, "Do you blame Mr. Lewis for fighting so strongly for the miners' rights when you see a picture like this?"

Now I feel the vapors being spilled from the chimneys of the steel mills are just as dangerous as the scay doctor's picture. I am too injured and deadly, and when all the great cities of the east turn their mills and keep the surrounding air purified of the same time?

I wonder how many citizens know that I feel the vapors being spilled from the chimneys of the steel mills are just as dangerous as the scay doctor's picture. I am too injured and deadly, and when all the great cities of the east turn their mills and keep the surrounding air purified of the same time?

I don't know if this letter will awaken the conscience of anyone, or even if it will be read by the people. But I am sure it is worth the trouble. I am sure it is worth the trouble. I am sure it is worth the trouble.

Outline Of Basic Parliamentary Rules Governing City Council

Questions of parliamentary procedure arise frequently in Granite City council meetings. With recent changes in the legal staff, varying rulings have been given and confusion has resulted.

The Press-Record has obtained legal opinions on some of the basic council procedures and lists them here for the information of citizens and officials:

1. Can unscheduled business be transacted at a special meeting? No; special meetings are limited to the topics specified in calling them.

2. How many votes are needed for passage? Two-thirds of the total of 16 for immediate adoption with rules suspension, or a majority vote for regular procedure of each reading.

3. When does the mayor vote? The mayor shall vote when there is a tie vote of the aldermen, and when exactly eight aldermen vote in favor of an ordinance. Also, he can vote when a measure needs two-thirds and his favorable vote would provide two-thirds support. In other instances, he has no legal vote.

4. Who may preside when the mayor is absent? The council may select any of its members to act as mayor pro tem. He continues to cast his own aldermanic vote but then cannot function as a tie-breaker.

5. What is the procedure in the event of a veto? Two-thirds of the 16 are required in order to pass a measure over a mayor's veto. The veto must take place within five days of the original action.

6. How can an earlier action or decision be changed? A motion to reconsider must take place at the same meeting or same meeting and must be brought up by one who voted with the prevailing side. A motion to rescind can be brought up at any time by any council member and needs a simple majority if notice has been given in the meeting. A regular meeting; two-thirds vote is needed if no notice has been given. Rescinding is ineffective if notice of execution of a contract has been given; rescinding does not apply to matters that cannot be undone at the time of the vote to rescind.

7. What is the law on tabling or postponement of action, sometimes referred to as deferral? A majority vote is necessary, except by an unofficial custom of recognizing two requests for deferral. Tabling is only a temporary postponement; a motion to postpone indefinitely applies to basic procedure in which opponents can test their numerical strength without risking final approval or rejection of the measure.

8. How does the council appoint or remove a member? The council can block an appointment by majority vote, but cannot substitute another nominee.

9. What is the law on election contests? The city council is the judge of election of its members. A quo warranto suit is pending and the council has been asked to consider it.

MAGNA CARTA MEMORIAL erected at Runnymede, England by the American Bar Association to commemorate freedom under law.

Law A Product Of Long Struggle For Justice

(Law Day, U.S.A., was observed yesterday by Quad-City attorneys and citizens, stressing the theme, "Rule of right, not might.")

The American Bar Association is declaring it a permanent national observance calls for celebration in appreciation of

liberty, reaffirmation of loyalty to the U. S., rededication to equality and justice under law in contact with each other and with other nations, and cultivation of respect for law.)

The legal and judicial system which we know in the United States and in the Quad-Cities dates back not quite 200 years to a few thousand words imprinted on paper—the U. S. Constitution and Bill of Rights.

Our system also is the product of countless centuries of man's struggle for justice.

These struggles began many thousands of years ago—long before recorded history. From the beginning, law has been the very fiber of society.

Hammurabi, Moses

An early milestone in the development of law and society was the Code of Hammurabi, named for the Babylon ruler. Written about 4000 years ago, the laws making up the code were used in courts throughout the Babylonian Empire for centuries.

Some 1200 years later, God called Moses to the top of Mount Sinai and gave him the Ten Commandments.

The commandments formed a simple set of law that recognized the rights of man and group and group, also is heavily indebted to Sir William Blackstone, the Oxford University law professor who began publishing his famous Commentaries on the Laws of England in 1765. His writings were read widely by American statesmen and lawyers for more than 100 years.

Louisiana An Exception

Common law is employed today in every state in the nation, although to a lesser degree in Louisiana, where the civil law system originally derived from the Napoleonic Code. This code traces its lineage back to Roman law.

The Declaration of Independence was a major document on the political side. It was a protest against an unjust colonial administration.

It listed such grievances as taxation without representation, deprivation of trial by jury, unwarranted search of homes, and imprisonment of individuals, and the quartering of armed troops in homes.

The blueprint of American freedom established the principle that all men are equal before the law.

"We hold these truths to be self-evident—that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness; that to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed."

The Constitution and Bill of Rights are the bedrock on which our legal and political system is built. From 1789 to 1947, the American people have inherited the greatest degree of freedom and protection of individual rights ever experienced by man.

**The best time to see a lawyer
is before you really need one**

It is inevitable—there are bound to be occasions during your lifetime when you will have a legal problem requiring the assistance of a lawyer.

In eight cases out of ten, your problem could have been avoided, reduced, or made much less costly if you had discussed your affairs during an annual "legal checkup" with a lawyer before the trouble arose.

If you've never had a legal checkup, make an appointment with a lawyer soon. You'll find it interesting, educational and painless.

And it is just possible that he can help you avoid situations or actions that might mean trouble later on.

If you don't happen to know a lawyer, call your local or county bar association for a recommendation.

Why not make an appointment now?

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's a Travel Time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscled in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

GC Again Seeks Machine To Measure Chemicals In Air

Renewed efforts were made Monday afternoon by city officials of Granite City to obtain a machine from the state department of public health to measure chemical content in the air.

City Inspector Jack Fricker said at least a hundred homes were involved in the weekend's occurrence of paint discoloration in the East Granite area, and scattered reports were received from other areas around the city. One complaint was received from the 22nd block of Grand avenue.

The measuring machine had been promised to the city about a year ago, when a similar discoloration occurred. However, a priority list gave other cities in the state preference and the city was informed the device would not be available immediately.

Overnight Discoloration
The discoloration occurred overnight and was discovered by householders Sunday morning. It usually occurs when there are overhanging, low clouds and considerable moisture in the air.

Mayor Davis said his office received dozens of telephone complaints and several personal visits from East Granite residents on Monday. He immediately dispatched City Inspector Fricker and his assistant, William Jenkins, to the area. Second and Sixth Ward aldermen also received complaints from residents along East 23rd and East 24th streets and Lincoln avenue.

Press-Record Staff Photographer

PAINT DAMAGE Is inspected Monday afternoon by Second Ward Alderman Edmund D. Bertozzi in East Granite areas following discoloration of a number of homes. The muddy gray substance here covers the home of Mr. and Mrs. Raymond Wille, 2223 Lincoln avenue. The Willes had painted their home a year ago and washed it about two weeks ago.

A Granite citizen who formerly resided in the highly industrialized Gulf area advised the Press-Record the high sulphur content of the air due to the operation of paper-manufacturing plants in that area disclosed white paint of a synthetic content.

Over past years, several surveys have been conducted in the East Granite area bringing out that industrial chemical and sewer gas content of the air combining with chemicals in paints caused the discolorations. City officials said they are anxious to pinpoint the cause, stressing "That's the air we breathe."

The federal government aided by area agencies, including the Bi-State Development Agency, is making an air pollution study of the metropolitan areas on both sides of the river. One of the pollution measuring instruments is atop the Southwestern Bell Telephone Co. office building at 21st street and Edison avenue.

Metroplex Assembly Series Ends Monday

The final session of the four-part series of Metroplex Assembly will be presented at 8 p.m. Monday at the YMCA. It will be a public forum with a panel of six persons representing five fields related to the upbringing of teenagers.

The panel will be composed of Mrs. Frances Statton, dean of girls at Granite City high school; James M. Willis, psychiatric social worker with the Madison County Mental Health Clinic; Rev. Lawrence Mattingly of St. Elizabeth's Church; Rev. Paul Evans, pastor of the First Assembly of God Church; James J. Reidelberger, county probation officer; and E. D. Kincaid, a personnel director.

Dr. Raymond E. Troyer, assistant professor of psychology at SWU will be moderator. The first three parts of Metroplex Assembly were televised. Monday's session will not be on the air.

The series is sponsored by Washington University. Problems related to teenagers were discussed by a panel of experts on Channel 9 the past three Monday evenings. Groups all over greater St. Louis watched the programs at viewing posts. Discussion was held at the local level during a break in each program, after which solutions were given.

The United Fund is sponsoring the program here.

FIFTH GRADER BILLY YOUNG, 10, presenting his hand made yearbook to his teacher, Miss Claribel Ryerson, at Venice grade school. The boy took the photographs with a birthday gift camera and was aided by his parents in typing the text.

Venice Fifth Grader Turns Out Yearbook For His Class

A Venice fifth grader, 10-year-old Billy Young, beat the Venice Yearbook staff with the production of his own school yearbook.

He started his production four months ago, when he received a camera for his birthday, and he now has made a presentation of the one and only copy to his teacher, Miss Claribel Ryerson.

The youth has asked that the book be kept in the classroom for future pupils to look through to review the 1962-63 school year.

Billy originally had planned to work with his teacher and make two yearbooks—one for her and one for himself. However he decided to keep his production a

secret for a surprise presentation.

The boy is the son of Mr. and Mrs. Robert Young, 1312 Robin street. His father is manager of the P. W. Woolworth Co. store at Sixth and Locust streets, St. Louis.

Yearbook Hand Produced
His yearbook was completely hand produced. It contains pictures of all his classmates. He posed them for photographs and wrote the text. The photos were sealed in plastic.

While he hopes to join the school's regular yearbook staff, his ambition is to be a dentist.

Miss Ryerson commented, "Billy has a high school reading ability as determined by results of the California Achievement

CHURCHES RANG BELLS for freedom for two minutes at 10 a.m. yesterday to mark the opening of the freedom savings bond drive and to call attention to the freedom which Americans enjoy in contrast to the May Day observances behind the Iron curtain. Ringing the bell at the St. Peter E. & R. Church were the Rev. Robert Baumann, pastor; Henry Karandjoff, chairman of the Madison county savings bond committee; and James P. Insurance Rates For County Are Reduced

Insurance policies covering Madison county buildings with coverage totaling \$2,472,541 has been divided among various insurance agencies in the county. John Kraynak of Granite City, announced.

The courthouse, nursing home and jail were insured under a new rate plan for public institutions which provides low premiums with appraisals at full value. The total premiums are \$1959.

The courthouse is insured for \$1,910,841, with annual premiums of \$608.85 and a rate of .033 per \$100, compared to the old rate of .0532. Agencies receiving a share of the business included Fijan-Maeras, Madison, \$63,000; Vasiloff, Madison, \$50,000; Holsinger, Granite City, \$37,000; and Kalsner, Granite City, \$31,000.

The nursing home is insured for \$815,700, with the annual premiums of \$869.94 and a rate of .277 per \$100, compared to the old rate of .405. Agencies include Cohan, Madison, \$53,140; and Bergfield, Granite City, \$63,140.

The county jail is insured for \$246,000, with annual premiums of \$482.25. As no appraisal was made on county jail buildings, the public institutional rates were not obtained. Kraynak said. The new premium is .185 per \$100, compared to the old rate of .1578. It would have been reduced to .1035 if the appraisal had been made. The Springfield agency of Granite City provided two policies at \$20,000 each.

If you have to wait for hot water—

You need a quick-recovery ELECTRIC WATER HEATER

Mother's in the kitchen, washing dishes. Sis is in the laundry, washing out her slip. Junior has just had his bath. And—once again—Father, poor Father, sits around patiently (?) waiting for hot water for his quick shower.

Which is a pity, because the problem can be solved so easily, nowadays, with an electric water heater—no matter how many uses a family may have for hot water at the same time!

Modern electric water heaters provide the quick

recovery, made possible by efficient direct exchange of heat, with heating elements directly submerged in the water.

And because there's no flue, an electric water heater can be installed closer to faucets. This saves heat and installation costs.

Barnes, Logan Will Defend Doubles Crown In District Tennis Tourney

Brian Smith and Ken Chinner of Belleville are favored to reach the singles finals and Mike Barnes and Bill Logan of Granite City will defend their doubles title this weekend in the prep district tennis tournament at Roxana.

Ten high schools will send competitors to the two-day eliminations. Six players, the winners and runners-up in singles and doubles matches at Roxana, will advance to the state finals in Champaign May 17-18.

Coaches will meet to seed entries and draw up first-round pairings at 2:30 p.m. Friday. Matches will begin at 3 p.m. and will be completed by that evening.

Semifinalists will take the courts at 9 a.m. Saturday. Granite City won the unofficial team title last year, edging Belleville by a single point, but the Maroons, who are Southwestern Conference champions this spring, are favorites this spring.

Entries will come from Madison, Edwardsville, Collinsville,

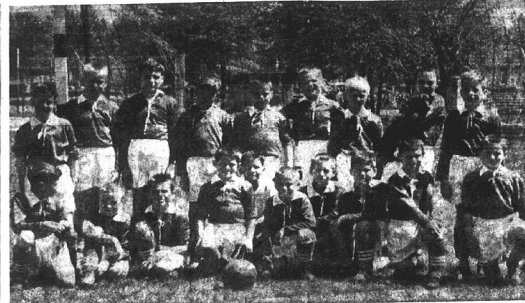

Roxana, Bethalto, Wood River, Macouhah and Weolun of Trenton, in addition to Granite City and Belleville.

SWC Matches Pending
Second place in the final SWC standings will remain undecided until after district play. Granite City and Edwardsville, the two contenders for the second spot, were rained out Monday and will probably set a makeup date during district play.

The Warriors were 3-2 winners in the first meeting between the two schools, and have matches scheduled in Collinsville today which will also count in the SWC standings.

A home date with Roxana next Wednesday will complete the Warriors' regular schedule. Coach Dick Harmon hopes to schedule the Edwardsville matches next Monday or Tuesday afternoon.

156 Triplicate Tuesday
Cleo Ulm rolled a 156 triplicate series at Bowling Tuesday night while howling in Teachers' mixed league.

UNBEATEN BANTAMS, Girchoff Agency soccer club had only one goal scored against it during YMCA spring league season, and won the division title. Kneeling (from left) are Ralph Pulise, Jimmy Forrester, Gary Maynard, Joey Gasparovic, Billy Crabtree, John Fritz, Phillip McGovern Skip Gasparovic, Joey Jones and David Rowland. Standing (from left) are John Pashea, Bill Johnson, Terry Ripko, P. J. Campbell, Jeff Worthen, Terry Edleman, Don Noesh, Tom Kaleri and Phillip Gruber. Team was co-managed by Andy Gasparovic III and Al Forrester, and coached by Paul Worthen and Mike Michaeloff.

1962 I-C Playoff Finalists Pocahontas, Sacred Heart Are Matched Here On Sunday Games Sun.

Last fall's president cup playoff finalists, Granite City Sacred Heart and the Pocahontas Braves, clash for the first time this season at Wilson Park in the Southwest Illinois Inter-City Baseball league's Sunday headline.

The Braves, who won the playoff title in a dandy series with the Braves at the conclusion of 1962 play, lost their series hero, pitcher Lennie Griffiths, via a minor league contract, but got away on the right foot two weeks ago with a 10-7 win over Maryville.

The Hearts, where pitching appears to be the main problem, too, will be seeking their first win of the infant season. They were pounded by St. Clair Heating on opening day and joined five other teams in watching the first-year Flyers.

Seek Third Win
St. Clair Heating of East St. Louis, only 1-4 team which can claim two victories, looks for No. 3 at Carpenter.

St. Clair, where big bats have so far covered up a lack of effective pitching, defeated the Collinsville Braves 5-5 last week in one of two games played.

The Braves will travel to Maryville, a 9-5 victory over Carpenter Sunday. Collinsville and Carpenter share the Red division lead with 1-1 marks. Troy and Moose Lodge No. 4, both looking for their first wins, collide at Jones Park in East St. Louis in Sunday's fifth game.

All the action will begin at 2:30 p.m.

Recount of Fifth Ward Ballots Set For Saturday

A recount of the April 2 ballots in the Fifth Ward battle won by incumbent Alderman Walter Nann over Curtis Blevins is scheduled for 9 a.m. Saturday in the mayor's conference room on the third floor of the city hall.

The canvassed results showed Nann the victor by 142 votes, with the total 795 for Nann and 653 for Blevins.

Named to the council committee to recount the ballots are Alderman Paul Rutledge and Samuel Whitmer. Mayor Davis said he would name the third member later this week.

Saturday's recount will be the third resulting from the April 2 city election. In the Seventh Ward, the lead of G. H. Sternberg was cut from 10 to two votes over R. E. Robertson; while a Third Ward recount gave a greater victory margin to Clyde Boyd over defeated incumbent Rufus LeMaster.

Blevins is basing his request for a recount in the Fifth Ward to confusion on the ballot because of a party filing by Nann. He also said individuals crowded the 11th precinct polling place during the ballot count election night adding to the confusion.

During the April 2 ballot count, City Atty. George Filloff Jr. was called to the 11th precinct polling place to aid the election judges.

Aldermen elected in the April 2 election are to be seated at next Monday's council session.

4 Charged In Liquor Case; 2 Thefts Solved

Investigation of a tavern liquor theft has resulted in charges being filed by Venice police against four persons, one of whom has admitted two other burglaries, police announced Tuesday.

One of those arrested, James Davis Jr., 18, of 1018 Douglas street, Venice, has been linked with a Feb. 2 burglary at the North Venice Food Center in which money orders were taken and a March 23 break-in at Fletcher's poolroom, 1000 Calhoun street, where \$21 in coins was missing from a pinball machine.

Davis and Paul Jackson, 36, of 1037 Biessell street have been bound over to the grand jury for theft of over 400 bottles of whiskey, vodka, scotch and schnapps from the Madison Garrett tavern, 337 Waver street, April 22. Bond for each was set at \$500.

Hearings have been scheduled next Saturday for Lulu King, 20, licensee of the Wagon Wheel tavern, 205 Terry street, Eagle Park Acres, and Ace McKinley, 37, described as a proprietor of the Wagon Wheel tavern, where the missing alcoholic beverages were found by Venice and Madison police and sheriff's deputies. Charges of possession of stolen property have been lodged against them.

RAPID PROGRESS in construction of a major new building at the Quad-City service area of the Quad-City Steel Co. plant in Madison is evident in these views. The addition will house four joint assembly lines, with space allowed for two more such lines in the future. Moving of the present three joint lines from the existing plant (visible in background) will provide more room for steel bar fabrication, shipping and warehousing. DOWNSTATE FISHERMAN'S GUIDE

By C. A. FRAZER

"Best week of the season to date," was the opinion of boat dock operators at fishing lakes in southern Illinois. The week-end jinx continued, however, as an oblique drizzling rain Saturday and intermittent showers Sunday dampened spirits of anglers and campers.

A 7½-pound bass from Crab Orchard lake topped the Junker list, followed by a 6½-pounder from Mitty Grassy. Gene Vest of Marion took total Junker honors at Little Grassy with five over four pounds each, Joe Deskinen of Herrin won a fishing contest at Devils Kitchen lake with a five-pound bass.

Strings of heavy bluegill are coming to the boat docks and sizeable crappie were reported from all the lakes. A number of large bass were reported caught on surface lures, however the deep running spinner and skirt lures seemed to put most fish in the boat.

Gene Rodriguez, a Southern Illinois University student from Hammond, Ind., tossed a surface lure from a pier at Southern Lake-on-the-Campus. His first strike broke his spinning line. A few casts later he connected with and landed a five-pound bass.

Hetty carp and drum in the spillway below the dam at Crab Orchard lake are entertaining doughty fishermen. One Carbondale man said (type and pound) were common and rough-house light spinning tackle.

The lake-by-lake report:

CRAB ORCHARD — Clearing and in good condition. Bill Dahman of Marion topped a catch of ten bass with a 7½ pounder, fishing shorelines with a Hell-diver lure. Charles Freese of Carbondale brought in six crappie totalling nine pounds. Mr. Orso of Herrin took a five and a three-pound bass on a medium running plug while Carl Harrison made the odd-ball

Area Legislators' Voting On 3 Controversial Bills

(Special from Springfield)
Advocates of higher state taxes on permatuln letting at Illinois have race tracks appear to be stymied in the General Assembly. A proposal to impose a 2 1/2% increase on the present tax, assessed for payment of soldier's bonuses and to finance state and county fairs, has failed to advance.

The proposal would have the increased receipts go into the state general revenue fund, but opposition pointed out the increase could "kill the goose which lays the golden egg"—frighten bettors into placing bets away from the tracks.

It was estimated the added income would amount to \$9,000,000 or \$10,000,000 a year. However, the House rejected the proposal 105 to 40.

Area legislators voting against the increase were Lloyd Harris, Leonard Kennedy and Ralph Smith.

Two other measures of a controversial nature advanced to the Senate.

Approved 98 to 24 by the houses was a bill to provide for holding Saturday classes at public junior colleges. Harris, Kennedy and Smith voted approval. The other bill, which would

apply state sales and use taxes on transactions where tangible property is transferred to persons for trading stamps was approved 99 to 48. Harris and Kennedy voted the measure, while Smith voted against it.

Arrest Three Motorists

Carjacking charges were filed by Venice police at 5:45 p.m. Monday against three motorists arrested at Klein and DuSoy streets. Robert D. Brown, 47, Normal, Ill., Tony Donif, 48, of 2000 Grand avenue and Emmett Williams, 19, of 1601 Olive street. Each was released on \$10 cash bond to report Saturday.

Lee Wright Recreation Center Dedication Set

Dedication ceremonies, followed by an open house, will be held at 4 p.m. Sunday at the new recreation center in the Lee Wright Homes housing project in Venice.

The building, which contains two multi-purpose rooms and complete kitchen facilities, will be used for meetings and recreational events by residents of the housing project.

Taking part in Sunday's dedication will be William Williams of the Illinois Youth Commission, Dute Branner, director of the housing project, and the Venice mayor, Dr. John E. Lee. The open house is co-sponsored by the youth commission and the Lee Wright Youth Organization.

Three GC Youths Fined For Disorderly Conduct

Three Granite City youths were fined Monday for disorderly conduct. Robert Forte, 21, of 312 Willow avenue, David Cox, 17, of 2504 Kirkpatrick Homes, and Gerald DeMontmillin, 16, of 4708 Kirkpatrick Homes, were fined \$30 including costs when they pleaded guilty.

They were arrested at 2 a.m. Monday at 17th street and Madison avenue for throwing bottles out of an auto. DeMontmillin also was charged with curfew violation for which he was fined an additional \$10 including costs. Police Magistrate Gasparovic allowed DeMontmillin and Cox six days to work out their fines. The violation will provide refreshment and musical entertainment.

B&PW Plaque Dedicated To Deceased Members

A plaque placed on the lawn at the City Hall this week by the Quad-City Business and Professional Women's Club was dedicated to deceased club members.

They include Mrs. Nellie Lewis, Miss Lucy Briggs, Miss Max Elder, Mrs. Mary Wells, Miss Mae Kirby, Mrs. Beulah Visser, Miss Gertrude Voigt, Miss Edna Smith, Miss Elora Devine, Mrs. Jeanne Riesenmyer, Mrs. Mamie Eisenmayer, Mrs. Blanche Fearing, Mrs. Ethel Kandler, Miss Clara Kaiser and Mrs. Emily Wagner. Taking part in the ceremony were Mesdames Vernice Wortman, president, Pearl Ryckman,

Katheryn Kohlhauff, Helen McAnally, Gladys Newman, Ruth Canner, Emylee Alford, Catherine Michel, Dolores Allen, Mary Dusek, Miss Dorothy Ranft, Miss Marilyn Wondra, and Miss Ella Christian.

One way to clear the air would be to get all the kickers and knockers in the country together and let them fight it out.

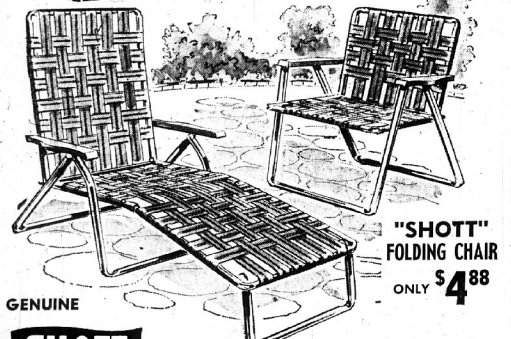

Escaped Youths Caught

Five escapees from the Buttersville, Ind., State School for the mentally ill were apprehended by Madison police at 8 p.m. Monday in the 1600 block of Sixth street, where they were sitting on a curb. The youths ranged in age from 16 to 21. They were detained for transfer back to the institution.
